Dear Sir,

Re : "SAVE THE PRESS" CONFERENCE - 29 JANUARY 1990

"Save The Press" is a campaign against press censorship involving all media and currently falls under the auspices of Acag (Anti-censorship Action Group). On behalf of the interim committee, I am co-ordinating a conference to launch "Save The Press" on the 29 January 1990.

I have spoken with Shirley Fisher and the most suitable venue is A1 in the Architecture complex, we would require the space for one day only. The conference is scheduled for 15h00 to 18h00 and registration would open at 14h00. The committee would like to serve wine and snacks at the close of the meeting and tea between 14h00 and 15h00. I have addressed a letter to Mr. Brinkworth with regard to catering and if he cannot accommodate us I would require the University's permission to bring in an outside service.

Should your office require any further information, please contact me at the above telephone number.

Yours faithfully,

GAIL BEHRMANN  
CO-ORDINATOR
