Dear Mr Westdal

Re : Funding

The Campaign for Open Media writes to express sincere gratitude to you and your government for the donation of R71 599,22. We are especially grateful that our request was met so speedily.

The conference was successful in its attempt to bring together a very wide and inclusive range of media groupings, and also succeeded in its other important goal of putting together a set of proposals for consideration by CODESA. Copies of the proposals have also been circulated to other media organisations and interested political parties.

We enclose herein a receipt confirming the amount of R71 599.22, and a signed copy of the agreement.

Your continued support support is highly appreciated.

Yours sincerely
