Urgent!

Dear Mr Molobi

I having been trying to reach you by phone to discuss a date and arrangements for the meeting between the developing print and broadcast sectors in South Africa in view of their applications to the European Community for the setting up of media trusts.

As you will recall it was agreed at the meeting of the print sector on July 17 that the Campaign for Open Media would facilitate this meeting and that I would liaise with you about it.

In the meantime I have been requested by an influential member of COM, David Niddrie, following discussions he had with Gill Marcus of the ANC, to ask for an urgent appointment to discuss this matter with you. Therefore could you please let me know whether you are able to meet with David and me within the next few days. If possible, we would like to meet with you this Friday, July 24.

In order to facilitate a meeting between the print and broadcast representatives COM will require some funding since it is going to be necessary to involve the regional representatives of the interim trust committees of both sectors. We would also therefore like to discuss the possibility of the Kagiso Trust assisting us with a very modest grant to facilitate the envisaged meeting.

Could you please contact me soonest about our request for an urgent preparatory meeting. My contact numbers are on this letterhead. My home telephone number (where I sometimes work from) is: 614-3614.

Yours sincerely
